Revised July 2018

**LIBRARY OF VIRGINIA**

The Library of Virginia provides this list of professional genealogical researchers who undertake paid family history and other searches on behalf of those who need more extensive assistance than can be provided by the Library staff. Researchers for hire are not Library of Virginia employees and the Library does not endorse their work or make referrals. These researchers establish their own rates. For information concerning fees and services, please contact them directly. Any agreement entered into is a contract between private parties and does not include the Library of Virginia. Please note that many researchers do not answer correspondence that is unaccompanied by a self-addressed stamped envelope.

Researchers on this list have provided verification of current certification by a genealogist credentialing board.

*CG – Certified by the Board for Certification of Genealogists, [www.bcgcertification.org](http://www.bcgcertification.org)*

*AG – Certified by the International Commission for the Accreditation of Professional Genealogists, [www.icapgen.org](http://www.icapgen.org)*
