4. Accessibility Features

- Screen Reader Compatibility: Tested with modern screen readers.
- Keyboard Navigation: Fully supported; no mouse required for primary actions.
- Clear and Uncluttered Layout: Simplified interface with non-repetitive navigation.
- Descriptive ALT Text: All meaningful images include alternative text.
- Non-Image-Based Navigation: Navigation elements use text links, not image buttons.

5. Functional Accessibility Support

The website has been tested by individuals with various disabilities to ensure accessibility. Testing has confirmed compatibility with:

- Screen readers (latest versions)
- Keyboard-only navigation
- High-contrast mode and browser-based zoom

6. Known Limitations

There are currently no major known limitations. Universal Class continuously evaluates accessibility and welcomes user feedback to identify and address any issues.

7. Feedback and Support

We value feedback on the accessibility of our website. Please let us know if you encounter any barriers:

• Email: techhelp@universalclass.com

• Include: the page URL and any details about the problem.
